# Fall Semester Recap

by [Sam Shydowski](#), VP of Alumni Relations - Wisconsin Delta Upsilon (Class of 2025)

The fall semester for Delta Upsilon started off with a successful rush process, and we welcomed a new pledge class consisting of twenty new brothers. The chapter as a whole continued their philanthropy event with Gamma Phi Beta and their 0.1K Race, which successfully raised money for Girls on the Run. In athletics, Delta Upsilon won the intramural championship for soccer this fall, defeating Beta Theta Pi in the finals. Additionally, our winter formal was held in Chicago this year, where brothers were able to explore the town and enjoy time together in the Windy City.

---

## LOOKING AHEAD

## New Executive Board

Elections were held the first week after Thanksgiving Break this year, with former President Jeffery McDonnell and the rest of the executive board passing down the torch to our new leaders. New positions include Josh Watters (Madison, WI) as President, Thomas Hatton (Los Angeles, CA) as VP of Risk Management, Rahman Almousalli (St. Louis, MO) as Treasurer, Nelson Summary (Stillwater, MN) as VP of Recruitment, and Sam Shydrowski (Chicago, IL) as VP of Alumni Relations. We applaud the great work done by the previous executive board and look forward to a successful spring semester under new leadership.

## Spring Plans

- Looking ahead to the spring semester, we are thrilled by the number of juniors within our chapter **studying abroad**. We have brothers traveling across the globe, with 15 going together to **Barcelona**.

- President Josh Watters and VP of Member Education Chance Izard are currently working on a **new website** with Rick James '72 that will have current info on our chapter and will hopefully be up and running in the next month
- Regarding alumni, We're looking forward to the **DU dinner** that's currently scheduled for **April 22**, with more details to come.
- We're also looking to have an **alumni weekend** in the near future. We want to gauge interest and see what dates work the best through a **Facebook group** that we have invited you to join below. Our chapter has a strong desire to reestablish its connection with alumni, and with the return of the **VP of Alumni Relations** position, we hope to bridge the gap
- With the spring semester commencing soon, the Delta Upsilon chapter is excited to get back to classes and enjoy time with each other on the frozen lake!
